THE INVESTMENT

WE MAKE AN INVESTMENT IN YOU

Feel warm and fuzzy with the comfort of knowing you have the best quality and reliability that is evident from our 19+ years in business. Benefit from a full-time staff of professional photographers available 7 days a week, back up equipment, on-call back up photographers, business licenses, liability insurance, triplicated file management on & off-site.

CUSTOMIZE ANY PACKAGE

Making sure you're happy makes us happy! One of the keys to our success over the years is listening to our clients and modifying packages to fit their needs. For example, we can add hours to fit your wedding day itinerary. **Each additional hour can be as low as \$200/hr!**

SCHEDULE DURING OFF-PEAK TIMES

That's right, the masses get married on Saturdays April through October. Who wants to follow the masses anyway? If your wedding is scheduled during an OFF-PEAK day, like a Wednesday in February, often we can work with you on the bottom line. While we can't meet every budget, we will try our hardest to put together a package that works for both of us.
